

FALSEFIRE

THE DRAGON OF DISHONESTY AND DECEIT

Falsefire is a sneaky dragon who thrives on dishonesty. He whispers things like, “Just say what they want to hear.” “No one has to know you’re lying.” “It’s not a big deal.” Every time you tell a lie, spread a rumor, or try to cover up the truth, Falsefire’s flames grow brighter and stronger. He loves creating confusion and mistrust. He makes it harder to work together and form relationships.

When you tell the truth, admit your mistakes, and choose to be trustworthy, Falsefire’s flames begin to fade. The more you practice being truthful and dependable, the weaker he becomes - and something brighter begins to rise...

TRUEFLAME

THE DRAGON OF HONESTY AND INTEGRITY

Trueflame is born from integrity and telling the truth. He shines when you do what’s right even when no one’s looking, when you speak with honesty even when it’s hard, and when you live in a way that others can trust. His warmth brings clarity, confidence, and connection. As you walk in truth, Trueflame grows brighter, becoming not just a guide for us but a light for others, too.
